PROFESSIONAL SUMMARY

Aspiring Full Stack Developer / Java Backend Developer with hands-on experience in Java, Spring Boot, React.js, RESTful APIs, and database integration. Built two AI-powered full-stack applications with JWT-secured authentication and LLM integration. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, DBMS, Computer Networks, and Operating Systems, with a focus on developing reliable and maintainable software solutions.

EDUCATION

Dhanalakshmi Srinivasan University 2023 – Expected 2027
Bachelor of Technology (B.Tech) in Computer Science and Engineering CGPA: 8.8/10.00

Krishnamurthy Junior College 2021 – 2023
Higher Secondary (Intermediate) Percentage: 85.8%

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript
Frontend Development: HTML5, CSS3, React.js
Backend Development: Spring Boot, Spring MVC, Hibernate
API Development & Security: RESTful APIs, Spring Security, JWT Authentication
Databases: MySQL, PostgreSQL
AI & Generative AI: Generative AI, LLM, LLM Integration, Prompt Engineering, AI Application Development
Core Computer Science: DSA, OOP, DBMS, Computer Networks, Operating Systems
Developer Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA

PROJECTS

AI Placement Preparation System – Intelligent AI-Powered Career Development Platform 2026

- Developed an AI-powered placement preparation platform using Spring Boot, React.js, MySQL, and JWT authentication to support personalized, data-backed readiness tracking.
- Built an AI Resume Analyzer with ATS Scoring and a Resume Builder to help students improve resume quality and interview readiness.
- Implemented an AI-powered Mock Interview module and Skill Gap Analysis, presented through an Analytics Dashboard via secure REST APIs.

NexusCommerce AI – Enterprise Intelligent Multi-Vendor E-Commerce Platform 2026

- Engineered a multi-vendor e-commerce platform using Java 21, Spring Boot, React.js, and PostgreSQL, implementing Spring Security and JWT-based role authentication across Customer, Seller, and Admin portals.
- Built scalable REST APIs for search, orders, and inventory management using Java and Spring Boot.
- Implemented an AI-powered shopping assistant and product recommendation features to help customers discover relevant products and improve the shopping experience.

EXPERIENCE

Full Stack Development Intern Apr 2026 – May 2026
Thiranex Technologies *Remote*

- Developed backend REST APIs using Java, Spring Boot, and MySQL to support application functionality and data management.
- Assisted with API integration, testing, and debugging using Postman, Git, and GitHub.
- Applied clean coding practices and collaborative development workflows while contributing to full-stack application development tasks.

Software Engineering Trainee Jun 2026 – Aug 2026
YuvaIntern *Remote*

- Completed software development assignments covering project planning, system architecture, and implementation of a mini software module.
- Practiced software testing, debugging, code review, and refactoring to improve code quality and maintainability.
- Worked on performance evaluation and deployment planning, documenting testing methods, findings, and potential improvements.

CERTIFICATIONS

- Java Programming: Beginner to Master | Udemy | 2025
- Prompt Engineering Mastery: From Basics to Advanced | Udemy | 2026
- Frontend Web Development Bootcamp (HTML, CSS, JavaScript & React.js) | Udemy | 2026
- HackerRank Certifications: Java Certification, SQL Certification, Software Engineer Intern Certification

ACHIEVEMENTS & ACTIVITIES

- **Zoho Young Creator Program:** Successfully completed the Zoho Young Creator Program, gaining practical experience in low-code application development using the Zoho ecosystem.
- **CSI Student Member:** Active Student Member of the Computer Society of India (CSI), participating in technical and professional development activities.
- **HackerRank & LeetCode:** Solved 150+ coding problems on LeetCode and completed HackerRank coding challenges, earning badges and strengthening data structures, algorithms, and problem-solving skills.
